Engage your customers and empower your staff with the latest and best in interactive financial tools for your website or intranet.

Experience

InfoChoice is a market-leading developer of multimedia calculators which allow users to test how a range of borrowing, saving and tax scenarios apply to their individual circumstances.

Our extensive range is outlined in detail on our website and all are available through the purchase of an annual licence. In return, you receive a set-and-forget solution.

We Will

- customise the calculators to your company brand so they look uniquely yours
- maintain and update where necessary during the term of the agreement

Unlike some other providers, InfoChoice always keeps abreast of new technologies and industry developments to ensure our calculator range is always state-of-the-art.

Pricing

The cost of the full suite for online distribution is \$3,995 per annum (plus GST) per site. Alternatively, calculators may be licensed individually for \$75 per month (plus GST) each - subject to a minimum purchase of 2 calculators (minimum 12 month term).

Licensing

We will host the calculators on our servers and provide you with seamless access.

Disclaimers must be displayed with each tool.

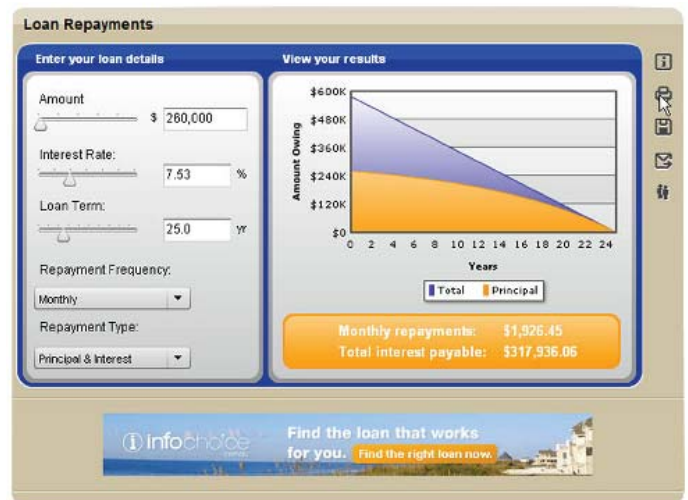

To prepare a Licensing Agreement, please provide your company name and contact details including ABN and address, which calculators you are interested in and the website you wish to place our calculators on.

Functions

Our calculators have a tool bar which offers the following functions:

- **Information:** Background information on how the calculator works and assumptions underlying calculations.
- **Print:** Users can print results as seen on screen.
- **Save:** Users can save a summary of the inputs and results of the calculator on their computer as a HTML document.
- **Email Us:** Calculators have a lead generation capability. An email containing a summary of results and any comments will be forwarded to you.
- **Email Friend:** Users can email their calculator results to a friend.

Our calculators have also been tested and signed off by Actuary.
